

Beautification Volunteer Programs

The City of Kenai Parks and Recreation Department has several opportunities for volunteer work within its beautification program. Jobs range from pruning roses, shrubs, or trees to weeding and gardening. Again, if you love the outdoors, appreciate our city flowerbeds, we have the job for you! Below is a list of various opportunities through the beautification division. For more opportunities, see park volunteer programs.

Adopt-a-Garden

Help beautify our community by planting and maintaining a public flower garden. Most of the gardens are already planned out and flowers purchased ahead of time. Planting is accomplished during our annual volunteer planting day the first weekend in June. To adopt a garden or for more information on how you can help, please call the Parks & Recreation Office at 283-3692.

Barrels of Blooms

Keep Kenai beautiful by placing a barrel of blooms at your residence or place of business! Either plant your own or purchase your planted barrel through participating nurseries. For businesses, the Kenai Parks & Recreation Department will pick up and deliver for you. For more information on how you can participate in this one-of-a-kind program, call the Kenai Parks & Recreation Office at 283-3692.

Garden of the Week

Nominate your favorite garden (residence only) during the summer months. The Parks & Recreation staff will select a garden to highlight weekly and place a "Garden of the Week" sign. Call the Parks & Recreation Department at 283-3692 to nominate the garden that you believe deserves community recognition.
